

Job Description

Job Title: Mechanical Design Engineer

Reports to: Mechanical Engineering Supervisor

Based at: Saab Seaeye Ltd., Meon House, 10 Barnes Wallis Road, Segensworth East, Fareham PO15 5TU.

Job Purpose: To create mechanical design solutions in line with the company's business needs through innovation, creativity and professionalism.

Key Responsibilities and Accountabilities:

- Design and development of new mechanical components and product upgrades for ROV vehicles and systems, ensuring they are on time and to budget
- Contribute to design review and the release of new products, and product upgrades
- Ensure all engineering activities and projects are documented and compliant with the company quality, HSE and Environmental policy and that designs comply with internationally recognised standards
- Liaise with customers to provide application and technical information for our products to aid the selling of equipment and assist sales as required
- National & international travel in support of the company's technical objectives
- Conduct activities in a professional manner to deliver quality mechanical design solutions
- Continually improve personal skills through training and awareness
- To work with minimal supervision either on your own or within project teams
- To undertake any other duties as appropriate within their competence, as required by their Supervisor or Manager from time to time

Quality, health, safety and environment (QHSE)

- Cooperate with the company to achieve a healthy, safe and sustainable working environment
- Work in ways that ensure your own safety and that of others; "Do the right thing even when no one is looking."
- Report any incidents, near misses or other health, safety and environmental concerns
- Deliver all products and services in line with Saab Seaeye quality standards to ensure we meet our customer requirements and highlight any quality concerns or potential improvements.

The role is based full-time on site at our Fareham premises, attracts a full benefit package and competitive salary. Please apply stating salary expectations and availability.
